You Deserve an Epic Charging Experience

- Industry-leading software
- Feature-rich AND user friendly
- Most value and affordability
- Epic customer service

“We created Epic Charging to solve major technical and customer service gaps in the EV charging industry.

Our customers are delighted by the speed of our development, their ability to manage a less complicated EV charging program, and our commitment to delivering epic customer service.”

You deserve an epic charging experience.

Trusted by Industry Leaders

THE MOBILITY HOUSE

The team at Epic Charging is very responsive and made my job easier by asking the right questions upfront and working hard to ensure my client was happy.

Business Development Lead,
The Mobility House

BAC

Epic Charging delivered a well priced EV charging solution. Their software is also very intuitive, which has made it easy to manage my EV charging program

VP Business Transformation,
Baltimore Aircoil

CITY OF PALO ALTO

On a scale of one to ten, I give the Epic Charging solution a perfect 10. The EV charging software network came online right away. It's a really easy user interface.

EV Manager,
City of Palo Alto

You deserve an epic charging experience.
